

Course Description of Creative Technology Program

Foundation Courses

ICMA 100	Foundation Mathematics	0
Prerequisites: Placement test Expressions and equations; linear functions; polynomials and nonlinear functions; radical and rational functions; the data analysis		
ICMA 101	Precalculus	0
Prerequisites: Placement test Functions and graphs; polynomial functions; rational functions; exponential functions; logarithmic functions; trigonometry; unit circle; trigonometric identities; complex numbers		
ICME 101	Foundation English: Communication Skills	0
Prerequisites: Placement test A remedial course preparing students to use communicative and academic English at a level suitable for entering the English Studies I: The Writer's Toolkit course		

Mahidol University

General Education Courses
English Communication
 International College

ICGC 104	English Studies I: The Writer's Toolkit	4
Prerequisites: Placement Writing Test An introduction to the academic writing process through the development of the writer's voice through sentencings, structure, and rhetorical devices; focus on strategies for using and integrating researched sources; methods to compose well-structured essays based on themes relevant to the world today		
ICGC 105	English Studies II: The Writer's Voice	4
Prerequisites: Placement Writing Test or ICGC 104 English Studies I: The Writer's Toolkit The integration of skills in academic research and writing to analyze and create persuasive compositions; techniques to identify strengths and weaknesses in argument; development of students' knowledge and preconceptions of global issues through a progressive series of essays and journal assignments		

ICGC 106	English Studies III: Public Speaking	4
<p>Prerequisites: ICGC 105 English Studies II: The Writer's Voice</p> <p>Fundamentals of key skills for confident and effective public speaking through a series of prepared and unprepared speeches; introduction and application of techniques to inform/persuade audiences; utilization of the Writer's Toolkit (English Studies I) and the Writer's Voice (English Studies II) to create and deliver speeches to a professional standard</p>		
ICGC 221	English Studies IV: The World of English - Global Realities	2
<p>Prerequisites: ICGC 106 English Studies III: Public Speaking</p> <p>An exploration and a critical analysis of key texts on poetry, literature, and legislative documents in order to understand the complexity and challenges of the world we live in; themes encouraging students to consider values, human rights and government; class discussions, journal writing, and presentation activities to demonstrate how students can contribute to the betterment of society</p>		
ICGC 222	English Studies IV: The World of English - Literary Analysis	2
<p>Prerequisites: ICGC 106 English Studies III: Public Speaking</p> <p>A review of literary works from selected literary genres; an exploration of how literature informs our perceptions of the world by way of analytical and critical thinking; utilising scaffolding of strategies for students to understand the function of a variety of literary forms</p>		
ICGC 223	English Studies IV: The World of English - Creative Writing	2
<p>Prerequisites: ICGC 106 English Studies III: Public Speaking</p> <p>An examination of fiction, poetry, drama, and media production through readings, speeches, and films; comparisons of writing in different genres; creation of a work of publishable quality by means of the consideration of audience and genre</p>		
ICGC 224	English Studies IV: The World of English - Advanced Oral Communication	2
<p>Prerequisites: ICGC 106 English Studies III: Public Speaking</p> <p>Theories of persuasion, non-verbal techniques, and voice control for advanced presenters; strategies to develop high levels of voice control and expressions; activities including debates, presentations, and occasional speeches; the development of students' abilities to express themselves confidently in a variety of academic and professional environments through impromptu and prepared speeches</p>		
ICGC 226	English Studies IV: The World of English - Literature Into Film	2
<p>Prerequisites: ICGC 106 English Studies III: Public Speaking</p>		

An examination of the technical aspects of translating literature into film; an exploration of the interplay between literature and films through an analysis of literary works in their film versions; an exploration of the challenges merging both mediums		
ICGC 228	English Studies IV: The World of English - Language and Culture	2
Prerequisites: ICGC 106 English Studies III: Public Speaking An examination of the interplay between language and culture; a critical exploration of the global spread of the English language with a focus on the English culture coming out of the Global South		
ICGC 230	English Studies IV: The World of English - First and Second Language Acquisition	2
Prerequisites: ICGC 106 English Studies III: Public Speaking An exploration of how children develop their first language; comparing and contrasting of the second language development; theories of language development from behaviorism to more recent cognitive and functional approaches; the implications and applications of theories		
ICGC 231	English Studies IV: The World of English - Poetr	2
Prerequisites: ICGC 106 English Studies III: Public Speaking An in-depth study of poetry, including metrics, forms, themes, ethnic voices, throughout history; an evaluation of poetry from different genres through discussions, workshops and research		
ICGC 232	English Studies IV: The World of English - The Short Story and the Novel	2
Prerequisites: ICGC 106 English Studies III: Public Speaking A study of elements of fictions in short stories and novels through class workshops on characters, dialogue, plot and atmosphere; class discussions to analyze the effect of historical and social developments on selected themes		
ICGC 233	English Studies IV: The World of English - Drama	2
Prerequisites: ICGC 106 English Studies III: Public Speaking An exploration of ways to understand and appreciate drama by reading, watching, and analyzing theatrical performances; fundamentals of theatrical production and stage performance		
ICGC 234	English Studies IV: The World of English - Literary Non-fiction	2
Prerequisites: ICGC 106 English Studies III: Public Speaking An exploration of literary nonfiction, a flourishing genre of writing a step away from academic work; reading of compelling, informative, and insightful but also entertaining, imaginative, and risky		

nonfiction work; overview of various techniques utilized within this field of writing and media; analysis and response to a variety of texts

ICGC 235	English Studies IV: The World of English - Writing for Research	2
----------	---	---

Prerequisites: ICGC 106 English Studies III: Public Speaking
 A student-centric approach to developing research writing skills; an overview of the conventions of the world of research with an emphasis on academic honesty and academic style; use of sample papers to provide students with models to prepare effective abstracts, literature reviews, research paper outlines and short academic articles

MU Literacy

ICGB 101	Project Management for Impacts	2
----------	--------------------------------	---

Prerequisites: None
 Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; the application of the Project Management Bodies of Knowledge (PMBOK) and skills; the management of social service projects; Social impact assessments aligning with Sustainable Development Goals (SDGs) and other frameworks

ICGB 108	Event for Good	2
----------	----------------	---

Prerequisites: None
 Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; exploration of various methods and strategies for organizing events that drive positive impact for communities; organizing an event focusing on community engagement, fundraising, or others with a focus on social outcomes or community-focused objective

ICGN 139	Scientific Inquiry and the Community	2
----------	--------------------------------------	---

Prerequisites: None
 Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; applying process of science discovery to authentic issues in the local community through observation or experiment; collaborate with peers in findings; summarizing and reporting to local stakeholders

ICGS 169	Learning by Doing	2
----------	-------------------	---

Prerequisites: None

<p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; social work, ethical principles and values in social work, roles and settings in social work practice, collaborative approaches in social work, SDGs and their interconnectedness, analyzing global challenges addressed by the SDGs, partnerships with local communities for SDG initiatives</p>		
ICGS 171	Digital Campaign for Gender Issues	2
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; gender inequalities and gender-based violence in society; gender activism & technologies; working with local communities to raise awareness of gender violence and abuse; use of social media to condemn violent acts; raising awareness of human rights & equality; organizing collaborative work and discovering creative solution to gender issues; use of social media to offer solutions to the needs of the community</p>		
ICGS 172	Service Learning - Making Change	4
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; exploring the nature of change and resistance in human society and across several disciplines such as philosophy, psychology, political science, sociology, and business; reviewing case studies about how change is initiated, implemented, resisted, and achieved; challenging students through projects to identify a need for change, and to devise a plan and implement it</p>		
ICGS 173	Service Learning - Campaigning for a Cause	4
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; research, analyse, evaluate, present and produce media campaigns for selected community / Non-Governmental Organizations / Charitable Organization(s)</p>		
ICGS 175	Social Innovation and Sustainability	2
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; exploring social innovation and sustainability principles, focusing on sustainable ecosystems, ethical decision-making, effective communication, and collaboration. Engaging in project-based learning to address global challenges, promoting responsible citizenship and leadership skills. Applying the 4Cs of 21st-century education: Critical</p>		

thinking, Communication, Collaboration, and Creativity. Analyzing ethical theories and frameworks, such as utilitarianism and deontological ethics, for moral decision-making. Utilizing communication theories and models, like the Shannon-Weaver model and Monroe's Motivated Sequence, for clear and persuasive communication. Highlighting team dynamics and conflict resolution for effective collaboration. Encouraging creative problem-solving aligned with the Sustainable Development Goals (SDGs). Preparing purposeful presentations and working as cohesive team members for sustainable development

ICGS 176	Sustainable Cooking	2
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; student-led community projects promoting importance of sustainability in the food system; sustainable food choices and cooking; fundamental science in cooking; collaborative work to identify sustainable issues in culinary food production; students design creative solutions aligning with needs of the community; promote sustainable cooking and food consumption</p>		
ICGS 177	Social Innovation: Empowering Sustainable Communities	2
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; exploring the dynamics of social change through innovation, based on frameworks like Asset-Based Community Development and the Social Capital theory, focusing on ethical decision-making, human rights, and community empowerment. Engaging with local communities to co-create sustainable solutions using Participatory Action Research, fostering responsible citizenship and ethical leadership. Integrating critical thinking and communication to address social challenges, promoting collaboration and creativity in line with the Sustainable Development Goals (SDGs)</p>		
ICGT 107	Innovation: Inside Out	2
<p>Prerequisites: None</p> <p>Develop self-awareness as a MAHIDOL person; application of the university's motto, philosophy, and core values to benefit the community; community-based projects course incorporating fundamentals of design thinking; empathy-building techniques; user-centered problem statements formulation; innovative solutions, design thinking tools; concept-to-prototype</p>		

Health Literacy

ICGH 136	Sound & Soul: A Journey of Music, Emotion, and Well-being	2
<p>Prerequisites: None</p> <p>Discovering how music can guide emotional states, fostering relaxation, motivation, and creativity; exploring how music interacts with our emotions and sound's power in emotional expression and regulation; extending to the cultural influences that shape our perceptions of beauty in music as well as discussing techniques for incorporating music into our lives to cultivate emotional well-being and navigating different genres and styles for a richer experience of ourselves and our environment</p>		
ICGH 143	Flowers and Fragrances for Health	2
<p>Prerequisites: None</p> <p>Introduction to the scientific and cultural aspects of floral fragrances for health benefits; exploring sustainable perfume industry and traditional essential oil extraction for medicinal purposes; significance of flowers in human society; floral composition, floral aesthetics, aromatherapy and how these relate to human mental and physical health</p>		
ICGN 135	Personal Health and Well being	2
<p>Prerequisites: None</p> <p>Understanding the health as a continuous process and can be changed at any time depending on the choices we make; exploring the current challenges facing young people of today; evaluating on how they affect health and healthful behavior; what individuals can do to navigate these challenges to arrive at their goals for the future</p>		
ICGP 101	American Flag Football	1
<p>Prerequisites: None</p> <p>A ball based sport course emphasizing techniques, non-contact game play, including dodging, throwing, and catching and development of teamwork management, communication, and terminology</p>		
ICGP 102	Badminton	1
<p>Prerequisites: None</p> <p>A racket based sport course stressing technique, strategies, grip, serving, positioning and movement, game play in both singles and doubles</p>		
ICGP 103	Basketball	1
<p>Prerequisites: None</p>		

A ball based sport course emphasizing attentiveness, dribbling, passing, shooting, rebounding, ball control, game play, and development of game strategies		
ICGP 104	Body Fitness	1
Prerequisites: None A comprehensive course in one or more exercise techniques: strength/resistance, cardio, plyometric, stretching, high-intensity interval training, and calisthenics; to maintain health and wellness		
ICGP 105	Cycling	1
Prerequisites: None A course designed on cycling instruction for safety, fitness, riding techniques, posture, communication, knowledge of equipment and hazards, for recreational and commuter cycling		
ICGP 106	Discover Dance	1
Prerequisites: None A dance based course of current forms and techniques in one or more categories: African/Jazz, Worldwide Dances/Latin Dances, Professional Performance Dance, Modern Dance, Hip-hop/Funk		
ICGP 107	Golf	1
Prerequisites: None A club based game course designed on developing correct grip, stance, posture, swing, and knowledge of equipment, rules, regulations, and etiquette		
ICGP 108	Mind and Body	1
Prerequisites: None A course stressing meditation postures, techniques, movement, and breathing to achieve positive mental state		
ICGP 109	Selected Topics in Sports	1
Prerequisites: None Learning concepts, rules and strategies through planned and structured movements by way of sport or activity to enhance a healthy lifestyle		
ICGP 110	Self Defense (Striking)	1
Prerequisites: None		

External martial arts (striking) course emphasizing hard physical impact and exertion, muscular strength and tension, maximizing speed and power, through body coordination		
ICGP 111	Self Defense (Grappling)	1
Prerequisites: None Internal martial arts (grappling) course stressing timing, awareness, precision, and techniques, using body leverage for throws, take downs, pins, and submissions		
ICGP 112	Soccer	1
Prerequisites: None A ball based sport course stressing alertness, ball control, including dribbling, passing, trapping, shooting, ball movement, game play, and development of strategies through drills and competitive play		
ICGP 113	Social Dance	1
Prerequisites: None A dance based social sport or activity course of choreographed movements, styles and regulations from International Ballroom (Standard) and International Latin dances		
ICGP 114	Swimming	1
Prerequisites: None A water based sport course stressing swimming techniques, breathing, and knowledge of buoyancy, propulsion, and water safety		
ICGP 115	Tennis	1
Prerequisites: None A racket based sport course of techniques, strategy, grip, serve, game play, ball tracking, timing, shot control, through drills, live ball hitting sessions, and competition		
ICGP 116	Volleyball	1
Prerequisites: None A ball sport course emphasizing passing, setting, serving, developing strategies, positions, game play, teamwork management, and communication		
ICGP 118	Health and Wellness	2
Prerequisites: None Wellness design for a lifelong healthy lifestyles; basic principles of achieving physical, emotional, intellectual, environmental, social and spiritual well being		

ICGP 119	Mindful Food and Well-being	2
<p>Prerequisites: None</p> <p>Explore food and culinary trends, food choices, and the concept of mindful food and eating; fundamental relationships between food and well-being; food products and services for consumers in various demographics; food products and food service features that emphasise the concept of mindful food and eating</p>		
ICGP 120	Mind and Body: Navigating the Interplay of Brain, Behavior, and Well-being	2
<p>Prerequisites: None</p> <p>The relationship between psychology and health; the influence of psychological factors on physical well-being; Exploration of how brain, thoughts, emotions, and behaviours impact overall health outcomes; Current knowledge in sleep, gut-brain connection on health and well-being; The integration of theory, research, and practical applications of psychological principles to promote health and wellness</p>		
ICGS 121	Abnormal Colleagues: how do I make this work?	4
<p>Prerequisites: None</p> <p>The stigma of psychological issues; the fear of the workplace gossips and job security; an avoidance of getting treatment and counseling; a recognition of various disorders and devising strategies to effectively communicate and work with people; improving the workplace productivity and relationships</p>		
ICGS 126	Introduction to Psychology	4
<p>Prerequisites: None</p> <p>Human behaviour and mental functioning; the nervous system; consciousness; sensation and perception; psychogenetic, life-span development; thinking, memory, language, conditioning and learning, motivation, personality, and stress</p>		
ICGS 155	Pathway to Purpose: Life Design and Self-Exploration	4
<p>Prerequisites: None</p> <p>Assessment of personal strengths, weaknesses, and areas for improvement; individual values, beliefs, and life goals; goal setting; self-awareness and emotional intelligence; life design</p>		
ICGS 164	Positive Psychology	2
<p>Prerequisites: None</p> <p>A practical introduction to the study of human flourishing and well-being; help students thrive using Positive Psychology principles including the PERMA model of well-being; develop a greater</p>		

understanding of positive emotions, engagement and flow, positive relationships, meaning and achievement; individual application of research findings via well-being project		
ICGS 178	Unmasking Human Behaviour: Exploring Psychological Truths about Behaviour	2
Prerequisites: None Introduction to the psychological principles and the importance of evidence-based thinking; Examination of current research on memory, perception, personality, mental illness, stereotype, prejudice, and social behaviour to debunk common myths and misconceptions about human behaviour		
ICGS 179	Health and Society	2
Prerequisites: None Exploring the concept of health across the historical periods; history of disease and origins of medicine; epidemics in the ancient societies; social welfare and the state; contemporary epidemics and the impact on society, state, and people, WHO and the role in the promotion of health		
ICLL 100	Self Development	2
Prerequisites: None Life skills for 21st century workplace through learning or training activities in various topics including creativity, growth mindset, leadership, and emotional intelligence or other selected personal development activities approved by the academic advisor and Curriculum Administrative Committee		

Mahidol University International College

Science & Environment Literacy

ICGH 131	Unraveling the Anthropocene: A Philosophical Critique of Earth's Shifts and Humanity's Roles	2
Prerequisites: None Exploring the Anthropocene through the lens of philosophy of science and technology, scrutinizing the profound transformations on our planet and within societies; analyzing scientific advancements and technological innovations' roles in propelling this epochal shift, delving into the intricate interplay between human agency and environmental consequences; challenging conventional paradigms of development and progress through critical analysis, interrogating underlying assumptions that led to this critical juncture		
ICGH 142	Fantasy Literature's Environmental Message	2

<p>Prerequisites: None</p> <p>An overview of the science of ecology; fiction analysis; an overview of the fantasy fiction subgenre; close reading of fantasy novels and short stories to recognize ecological realities and environmental messages; applying through personal reflection, through activities that promote the health of the environment, and through creative work</p>		
ICGH 144	A Candle in the Dark: How to Tell Fact from Fiction	2
<p>Prerequisites: None</p> <p>Rationalism and the scientific method; scientific awareness for decision-making; science vs. pseudoscience; supernaturalism and creationism; charlatanism and quackery; magical thinking and superstitions; conspiracy theories and fake news; fact-checking and logical fallacies</p>		
ICGN 105	Ecology, Ecosystems and Socio-Economics in Southeast Asia	4
<p>Prerequisites: None</p> <p>Human impacts on Southeast Asian ecology; human impacts on Southeast Asian's biodiversity and natural resources; fundamental ecological and resource management principles; current sustainable development issues; sustainable development practices for Southeast Asia</p>		
ICGN 107	The Chemistry of Everyday Life	4
<p>Prerequisites: None</p> <p>Portable electronics; the air we breathe; radiation from the sun; climate change; energy from combustion; energy from alternative sources; water; polymers and plastics; nutrition; health and medicine; genes and life</p>		
ICGN 108	Essentials of Culinary Science for Food Business	4
<p>Prerequisites: None</p> <p>Changes during preparation, heating, and storage of raw materials and of finished products, foodservice and commercial packaged food industries; chemical, sensory, and nutritional natures of food, food safety concepts, changing trends and interests, legal requirements of food establishment</p>		
ICGN 111	Physics for CEO	4
<p>Prerequisites: None</p> <p>Basic concepts of physics impacting individuals and society on a daily basis: physical quantities, Newtonian mechanics and dynamics, energy and heat, electricity and magnetism, light and sound, and the electromagnetic spectrum</p>		
ICGN 113	Plants, People and Poisons	4

Prerequisites: None		
The plant world; the way plants grow and reproduce; modern technologies used for improving agricultural methods; the basics of plant biology; the distinctions among major groups of plants; the social implications of plant use and abuse		
ICGN 114	The Scientific Approach and Society	4
Prerequisites: None		
Scientific literacy; the process of science discovery; verification, its limitation, and the influence in various disciplines; human and animal research ethics; the critical analysis of current scientific articles; the life cycle of scientific knowledge; modeling in science		
ICGN 115	Human Evolution, Diversity and Health	4
Prerequisites: None		
Changing modern society; human ability; human body; human distinctiveness; human diversity; human evolution; human health; human origins; primate diversity; scientific advancements		
ICGN 116	Understanding and Visualizing Data	4
Prerequisites: None		
An introduction to data analytics; roles and examples of the data-driven decision making; technology landscape; data kinds and types; data sources and collection techniques; data storage and standard formats; data processing workflow; summary from data; different types of visualization; data visualization tools		
ICGN 119	Computer Essentials	4
Prerequisites: None		
Developing the digital literacy relating to the computer literacy and the information literacy; the computer hardware and its general functions; the operating systems; software packages and their daily use; computer security; the ethical use of the intellectual property		
ICGN 123	The Earth's Dynamic Structure	4
Prerequisites: None		
Introducing fundamental concepts and applying general geology at the beginning level; basic concepts of physical geology, emphasizing on surficial and deep earth processes, including minerals; rocks and their formations, crustal deformation, plate tectonics; weathering and erosion, formation of landscapes, geological resources and environmental geology		
ICGN 124	Climate Change and Human Society	4
Prerequisites: None		

Human activities and the global climate; consequences for human society; consequences for the essential life support systems; perspectives on human health and diseases; adapting to global climate change; mitigating global climate change; an optional field visit included		
ICGN 126	Plant Society	2
Prerequisites: None People interacting with the plant and fungal worlds; differences among cultures and the indigenous uses of medicinal, textile and food plants; the benefits, problems and social implications of their use; hands-on experiences with techniques and methods used by field scientists		
ICGN 127	Practical Mathematics	2
Prerequisites: None Fibonacci numbers and the golden ratio, voting and election, data interpretation, probability, cryptography, financial mathematics		
ICGN 128	Climate Emergency, Biodiversity Crisis, and Humanity at Risk	2
Prerequisites: None Anthropogenic activities; biodiversity crisis; biodiversity loss; biological diversity; climate change; climate crisis; climate emergency; ecosystem functions; harmful and unsustainable practices; humanity at risk; mitigation and adaptation; threats, impacts and consequences		
ICGN 129	Programming for Problem Solving	4
Prerequisites: None Influence and impact of computer science on everyday life and society; the problem solving process in programming: abstraction, problem decomposition, algorithms; programming basic; privacy, ethical, and legal issues related to the software development		
ICGN 130	Cryptography: The Science of Making and Breaking Codes	2
Prerequisites: None Classical cryptography; cryptosystems; the shift cipher, the substitution cipher, the Hill cipher, the permutation cipher, the stream ciphers; the RSA encryption; cryptanalysis		
ICGN 134	Introduction to Artificial Intelligence	2
Prerequisites: None The artificial intelligence terminology; machine learning types and techniques; guidelines for building the machine learning model; neural networks; an evaluation in the AI system; the real-		

world artificial intelligence; the future trends of the artificial intelligence; dangers and threats of the artificial intelligence		
ICGN 136	Creator Workshop	2
Prerequisites: None Sustainable energy usage and responsible production, Design thinking and problem-solving with 3D designing and fabrication, Finite Element Analysis, Community engagement via I-fix-it project to restore broken appliances obtained from communities		
ICGN 137	Star Wanderer	2
Prerequisites: None Basic ideas of sky observations since the ancient time of humanity; motion of the sky; cycles of the Sun and Moon; development of tools used in sky observations; the progress of human understanding of the universe; the impact of the scientific method on astronomical observation; the Earth & Moon; the Solar System; the lifecycle of stars; the Milky way; modern sky survey		
ICGN 138	Cosmetics Chemistry	2
Prerequisites: None Chemistry of cosmetics products; basic science behind cosmetics and aesthetic medical procedures; basic biochemistry of human skins; basic function of aesthetic medical equipment such as HIFU, IPL, Lasers, and RF		
ICGN 140	Food Energy for Health	2
Prerequisites: None Basic chemistry and functions of energy yielding nutrients; Understand food labels and portion sizes. Estimate daily energy from food; Balance energy intake and expenditure		
ICGN 141	Life in the Sea	2
Prerequisites: None Fundamental structures and functions of marine and freshwater life; cell to underwater ecosystem levels of organization; underwater life processes for energy, nutrients, reproduction, growth and development; evolution and biodiversity of underwater life; marine and freshwater biomes; current health and environmental issues under SDG 14 life in the sea; field trip included		
ICGN 142	Energy and the Environment	2
Prerequisites: None		

<p>Various forms of energy and their conversion processes, fossil fuels and renewable energy sources, Environmental consequences associated with each energy source, Energy efficiency and conservation, Future energy technologies</p>		
ICGN 143	Gaia: Life on Earth	2
<p>Prerequisites: None</p> <p>Fundamental structures and functions of life; cell to biosphere levels of organization; life processes for energy, nutrients, reproduction, growth and development, evolution and biodiversity; service learning and field trip opportunities to participate in mitigating current environmental, health or development issues through life science-based solutions</p>		
ICGT 101	Technology-Enhanced Learning: Harnessing AI & Digital Tools for Academic Success	2
<p>Prerequisites: None</p> <p>AI principles and educational impacts, Technology-enhanced creative learning methods, Ethical use and bias awareness in AI applications, Educational technology tool exploration, AI-driven content analysis techniques, AI tool selection and evaluation, Critical assessment of AI-generated materials, Learning personalization with technology</p>		
ICGT 102	Digital Document Management	2
<p>Prerequisites: None</p> <p>Demonstrate formatting and applying consistent styles in a variety of online platforms; preparing and including digital content; construct file management systems for organizing, storing, and searching materials through metadata; Integrating data from spreadsheets, database to create reports</p>		
ICGT 103	Computational Thinking	2
<p>Prerequisites: None</p> <p>Solving problems in a systematic manner; breaking down a problem into a manageable size; extracting the most important elements of the problem; identifying recurring behaviors in the problem; developing solutions; articulating solutions in a way that is simple yet accurate enough for a computer or even a human to follow</p>		
ICGT 104	Tell a Great Story with Data	2
<p>Prerequisites: None</p> <p>Influence decision with compelling narratives constructed from data; the power of storytelling; determining the purpose; understanding the audience; planning plotlines; creating narrative structures; developing the data story; ethical considerations in data storytelling</p>		

ICGT 105	No-Code Application Development	2
<p>Prerequisites: None</p> <p>Creating software applications without needing to write code; common features of no-code platforms; strategies for choosing no-code platforms; basics of user-friendly interface design, workflow logic, and data storage; using templates and plugins to simplify the development, testing and revising applications; online resources and support communities for further learning outside the classroom</p>		
ICGT 106	Data and Spreadsheets	2
<p>Prerequisites: None</p> <p>Demonstrating proficiency in using lists, function, formulas, filters; importing and transforming socio-economic and/or science-related data from the internet or other databases; providing information to other programs through embedded or link objects; illustrating findings through charts, map charts, conditional formatting, and sparklines</p>		
ICLL 102	Skills for a Digital World	2
<p>Prerequisites: None</p> <p>Twenty-first century skills for digital economy through learning or training activities in various topics including e-Commerce, Blockchain technology, and data science, or other selected activities approved by the academic advisor and Curriculum Administrative Committee</p>		

Mahidol University
Intercultural & Global Awareness Literacy
International College

ICGH 107	Contemporary Art and Visual Culture	4
<p>Prerequisites: None</p> <p>Focusing on current issues in society as reflected in the new media utilized in art today; an analysis of images and group discussions regarding social and historical contexts of contemporary art; creative thinking skills; effects of globalization on the visual world; connections between global and local issues; an investigation of broader social and cultural matters such as ideology, gender, race, and ethnicity</p>		
ICGH 109	Creative Thinking Through Art and Design	4
<p>Prerequisites: None</p> <p>Combining hands-on studio experiences with demonstrations, lectures and discussions; developing creativity and gaining confidence in communicating one's own unique vision; exploring a variety of art and design mediums; understanding the elements of the visual language; implementing the creative process and creative thinking to develop individual solutions to open-ended problems</p>		

ICGH 110	Drawing as Visual Analysis	4
<p>Prerequisites: None</p> <p>Developing creativity and cognitive learning skills; utilizing visual communication, design and art principles; mark making; observation, analysis, record, representational plant and still life forms; practice, application, techniques for conventional pencil drawing tools: shape, form, perspective, lines, shading, value, negative space, texture, composition; observation; scientific illustration, realistic representational observation</p>		
ICGH 115	Cinematic Language and Applications	4
<p>Prerequisites: None</p> <p>An introduction, practice and an application of languages to critical thinking and analysis; examining key film languages and textual examples, including narrative theories; genre, film theories; an analysis of key film texts; the development of skills in research, writing and analytical thinking; applied knowledge to creative works; the presentation of original ideas and reflection on the craft approach</p>		
ICGH 116	World Cinemas	4
<p>Prerequisites: None</p> <p>An introduction, practice and an application of languages to critical thinking and analysis of key world cinema texts; principal critical methods and theoretical debates of film theory; theoretical perspectives including structuralism, semiology, Marxism, feminism, psychoanalysis, post-structuralism, and cultural studies; questions of narrative and narration, realism, formalism, modernism, postmodernism, postcolonialism, gender, sexuality, and ideology</p>		
ICGH 117	Drawing as Creative Expression	4
<p>Prerequisites: None</p> <p>Develop creativity and cognitive learning; utilize visual communication, design and art principles; experience multiple tools, techniques, medium, experimental mark making; research, analysis, observation, gesture, principles and elements of design and composition; examine, analyze, observe and reinterpret the human figure, plant and still life forms; research, interpret, evaluate, analyses contemporary artists; personal evaluation; personal expression</p>		
ICGH 118	Photography Visualizing in the Digital Age	4
<p>Prerequisites: None</p> <p>Basic skills and aesthetic principles of photography, how the camera works, types of cameras and digital image capture, techniques in taking pictures, in camera editing, specialized forms of photography, simple editing adjustments, the aesthetics of picture taking</p>		

ICGH 120	Thai and ASEAN Cinema	4
<p>Prerequisites: None</p> <p>An introduction, practice and an application of languages to critical thinking and analysis of Thai and ASEAN film texts; examine key film languages and textual examples, including narrative theories; genre, film theories; an analysis of key film texts; the development of skills in research, writing and analytical thinking</p>		
ICGH 124	Life Drawing and Anatomy	4
<p>Prerequisites: None</p> <p>An introduction, practice and application of observation drawing to record the human form; including key principles of composition, gesture and observation drawing techniques and design skills for static, gesture and motion poses; understanding record and identifying the anatomical make-up of the human form in muscles and skeletons; technical proficiency with suitable media for observation drawing; studio practice; hand-drawing from observations</p>

<p>Prerequisites: None</p> <p>Embarking on a philosophical journey, delving into the question: Is global justice possible? Engaging in critical analysis with an eye on case studies by examining the structural barriers and systemic inequalities that hinder the realization of global justice; through the lens of political theory and moral philosophy, confronting pressing questions about power dynamics, distribution of resources, and cultural diversity</p>		
ICGL 101	Elementary German I	4
<p>Prerequisites: Placement Test</p> <p>Greetings, introducing oneself or others, German alphabet and phonemes, personal information, numbers from 1 – 100 and price quotations, expressing wishes, telling the time and making appointments, quality of items, measurements; verb forms, pronouns, sentence structure, gender of nouns, accusative case and plural forms, negation</p>		
ICGL 102	Elementary German II	4
<p>Prerequisites: Placement Test or ICGL 101 Elementary German I</p> <p>Ordering and paying for meals in a restaurant, preferences of food and drinks, giving and asking for directions, reading a map, preferences of work conditions, job advertisements; essay writing, yes/no</p>		

questions, imperative forms, compound verbs, preposition with dative case, modal verbs I, German sentence bracket		
ICGL 103	Elementary German III	4
Prerequisites: Placement Test or ICGL 102 Elementary German II Health advice and problems, healthy and unhealthy lifestyles, events and accidents, travel reports, curriculum vitae (CV); possessive articles in nominative, accusative and dative case, perfect tense, connectors, modal verbs II		
ICGL 111	Elementary Japanese I	4
Prerequisites: Placement Test Hiragana and Katakana characters; fundamentals of basic Japanese grammar (noun-ending sentences, particles, demonstratives, verb-ending sentences, non-past and past tenses); scaffolding of basic vocabulary; basic communication about personal topics (self and others); description of Japan; designing written products in the target language; expressing existence, preferences, and agreement; comparing cultures		
ICGL 112	Elementary Japanese II	4
Prerequisites: Placement Test or ICGL 111 Elementary Japanese I Kanji characters (approximately 50); fundamentals of basic Japanese grammar concepts (particles, verbs of giving and receiving, na-adjective-ending sentences, i-adjectives-ending sentences, non-past and past tenses, and classifiers); scaffolding of basic vocabulary; basic communication about daily life topics; designing written products in the target language; expressing simply points of view, describing people and daily life activities; comparing cultures		
ICGL 113	Elementary Japanese III	4
Prerequisites: Placement Test or ICGL 112 Elementary Japanese II Kanji characters (approximately 50); fundamentals of basic Japanese grammar concepts (verb conjugation (masu-form, te-form, nai-form, and dictionary form), and related sentence patterns; polite style of speech, and plain style of speech, particles); scaffolding of basic vocabulary; basic communication about various topics; designing written products in the target language; expressing points of view, describing people and various activities; comparing cultures		
ICGL 121	Elementary French I	4
Prerequisites: Placement Test Fundamentals of basic French grammar (pronouns, present tense conjugation, gender/number, adjectives, prepositions); scaffolding of basic vocabulary; basic communication about personal topics (self and others); identifying and describing French speaking countries; designing written		

products in the target language; expressing existence, preferences and agreement; comparing cultures		
ICGL 122	Elementary French II	4
<p>Prerequisites: Placement Test or ICGL 121 Elementary French I</p> <p>Fundamentals of basic French grammar (present and future tense, adjective gender, place & agreement, more complex prepositions, more complex questions); scaffolding of simple vocabulary; simple communication about daily life topics (in France and in their country); designing written products in the target language; expressing simply point of view, describing people and daily life activities; comparing cultures</p>		
ICGL 123	Elementary French III	4
<p>Prerequisites: Placement Test or ICGL 122 Elementary French II</p> <p>Fundamentals of more complex French grammar (present and future tense, adjective gender, place & agreement, more complex prepositions, questions and past tense notions); scaffolding of more complex vocabulary; longer communication about daily life topics (in France and in their country); designing written products in the target language; expressing point of view, describing people and daily life activities; comparing cultures</p>		
ICGL 131	Elementary Chinese I	4
<p>Prerequisites: Placement Test</p> <p>The Chinese phonetic system (Pinyin); the Chinese basic writing system (Stroke order); Chinese characters (approximately 100); fundamentals of basic Chinese grammar (interrogative pronouns, the 的 particle, yes/no questions with 吗, demonstrative pronouns, classifiers, adverbs 也, 都); scaffolding of basic vocabulary; basic communication about personal topics (self and others); describing China; designing written products in the target language; expressing existence, preferences and agreement; comparing cultures</p>		
ICGL 132	Elementary Chinese II	4
<p>Prerequisites: Placement Test or ICGL 131 Elementary Chinese I</p> <p>The Chinese phonetic system (Pinyin); the Chinese writing system; Chinese characters (approximately 100); fundamental Chinese grammar concepts (interrogative pronouns, classifiers, the “的” particle, “的” phrases, adverbials, continuous action sentence structures and reduplication of verbs); scaffolding of basic vocabulary; basic communication about daily life topics; designing written products in the target language; expressing simply points of view, describing people and daily life activities; comparing cultures</p>		

ICGL 133	Elementary Chinese III	4
<p>Prerequisites: Placement Test or ICGL 132 Elementary Chinese II</p> <p>The Chinese phonetics (Pinyin); Chinese characters (approximately 150) ; Fundamentals of basic Chinese grammar concepts (interrogative pronouns, modal verbs, complex sentences, the modal particle “le” (了), complements of state, complements of result, complements of duration); scaffolding of basic vocabulary; basic communication about various topics; designing written products in the target language; expressing points of view; telling directions; describing oneself and other people’s abilities; comparing cultures</p>		
ICGL 141	Elementary Spanish I	4
<p>Prerequisites: Placement Test</p> <p>Fundamentals of basic Spanish grammar (pronouns, present tense conjugation, gender/number, adjectives, prepositions); scaffolding of basic vocabulary; basic communication about personal topics (self and others); identifying and describing Spanish speaking countries; designing written products in the target language; expressing existence, preferences and agreement; comparing cultures</p>		
ICGL 142	Elementary Spanish II	4
<p>Prerequisites: Placement Test or ICGL 141 Elementary Spanish I</p> <p>Fundamentals of basic Spanish grammar (pronouns, present tense conjugation, reflexive verbs, gender/number, adjectives, prepositions); scaffolding of basic vocabulary; basic communication about personal topics (self and others); identifying and describing Spanish speaking countries; designing written products in the target language; expressing existence, preferences and agreement; talking about daily habits</p>		
ICGL 143	Elementary Spanish III	4
<p>Prerequisites: Placement Test or ICGL 142 Elementary Spanish II</p> <p>Towns, quarters and cities; directions; past experiences; present perfect tense, past tense indefinido; verbs ser, estar and hay; vocabulary of places; time markers for past tense; verbs empezar a+ infinitive; verbs ir / irse</p>		
ICGL 160	Introduction to Thai Language and Culture	4
<p>Prerequisites: None</p> <p>Fundamental vocabularies and structures for various communicative situations in everyday use and introduce basic aspects of Thai culture</p>		
ICGL 161	Elementary Thai I	4
<p>Prerequisites: Placement Test</p>		

Listening and speaking skills on the following topics: introducing oneself one's friend and family, basic food and drink ordering, places, directions, transportation, buying tickets, clothing items, colours, and sizes, bargaining, counting and using classifiers, reading and writing Thai consonants, vowels placed after, before, above, and below the consonants, Thai numbers, live and dead syllables		
ICGL 162	Elementary Thai II	4
Prerequisites: Placement Test or ICGL 161 Elementary Thai I Listening and speaking skills on the following topics: one's schedule, making appointments, favorite leisure activities, ordering food, drinks and desserts with special requests, presentation of one's plan for activities during school break, continuation of Elementary Thai I in reading and writing skills, consonant clusters, tone marks, words with special spelling rules, reading short paragraphs		
ICGL 163	Elementary Thai III	4
Prerequisites: Placement Test or ICGL 162 Elementary Thai II Listening and speaking skills on the following topics: going to see the doctor, looking for a house for rent, seasons, travel and festivals		
ICGL 164	Thai Writing for Specific Purposes in Workplace *for native Thai students	2
Prerequisites: None Thai writing for specific workplace purposes: blend of theoretical insights and practical exercises; composing emails, reports, proposals, and business documents; proficiency in clear, coherent, precise Thai communication		
ICGL 171	Diversities in Multilingual Societies	2
Prerequisites: None Multilingual societies; Cultural diversities; Cross-cultural communication; Chinese-, German-, French-, Japanese, and Spanish-speaking cultures; Chinese-, German-, French-, Japanese, and Spanish languages; Cultural conflicts; Cultural gaps; Cultural shocks; Cultural discoveries; Cultural awareness; Cultural harmonies

Prerequisites: None Scrutinizing the relationship between the theory of natural selection and ethics, through an examination of the implications of Darwinian evolution on the status of moral claims, the significance of our evolutionary history on moral theory and practice, and the relevance of these intersections on the development of morally justifiable policies and individual decision-making		
ICGH 149	Law, Technology, and Society	2
Prerequisites: None Foundations of the relationship between law, technology, and societal values, how laws evolve with technological innovation, the ethical considerations at play, and the role of law in shaping and responding to societal changes. Current and emerging issues in technology law, including intellectual property, privacy, cybersecurity, and regulation of AI		
ICGH 150	Global Perspectives on Free Expression in the Digital Age	2
Prerequisites: None Delving into the intricate dimensions of free expression on a global scale, particularly in the digital realm, tracing the evolution of free speech and contemplating its philosophical foundations and historical context. Examining pivotal case studies and real-world examples, exploring the complexities of free expression, from its role in fostering democracy to its challenges in relation to the notion of Human Rights and navigating a contemporary culture of feeling 'offended'		
ICGN 131	Digital Search Literacy	2
Prerequisites: None The Information literacy relating to search term, the evaluation of the internet site and the quality of data; use of information; the ethical use of the intellectual property; the use of computer platforms; software, online services		

ICGN 132	Digital Security and Privacy	2
Prerequisites: None Privacy rights of data and safeguarding personal information by the protection organizations, anonymizing of data, computer security relating to computer platforms, network, internet and smart devices; password managements and shortcomings, authentication factors and technology		
ICGN 144	Environmental Ethics	2
Prerequisites: None Foundations of Environmental Values, Anthropocentrism vs Ecocentrism, Deep Ecology, Eco-Feminism, Land Ethics, Energy Ethics, Wilderness vs Built Environments, Radical Environmentalism and its Societal, Economic and Policy Implications		
ICGN 145	Food Integrity and Food Fraud: When a Food Product Is Not What It Seems	2
Prerequisites: None Understand the food integrity matrix, recognise common types of fraudulence in food products, their factors and effects on public health and society, prevention, ethical responsibilities and roles of food business and consumers in the food system with food integrity		
ICGS 134	Is Democracy Good?	4
Prerequisites: None Democracy as a political system and a 'normal' form of governance throughout the world, especially since the transitional Third Wave of democratization ending in the 1990's; democracy as a highly contested term; forms of governance; contestations in Thailand; arguments of Thai Style Democracy; defining democracy; different forms of democracy; local perception of democracy; critical debate on the merits of democracy; functionality; theoretical and in pragmatic situations; qualitative and quantitative analysis; democratic performance		
ICGS 136	Social and Health Issues in Thailand	4
Prerequisites: None Social and health issues in Thailand; experiential learning approach; site visits to various government and non-governmental organizations; small groups work; identification of issues and characterize the factors affecting the issues; prioritization of the urgency of the issues and determination of the possible solutions; proposing action plans addressing the issues		
ICGS 140	Fake News, Censorship and the Politics of Truth	4
Prerequisites: None		

<p>Internet and hyper news flows; patterns of information consumption; knowledge of information authenticity; socio-political effects of 'fake news'; impacts and methods of data collection; censorship and contested 'digital space', fact-checking, source evaluation and trust-building online; social power of algorithms, quantification and profiling; citizens journalism and the traditional media</p>		
ICGS 147	Women in Leadership	4
<p>Prerequisites: None</p> <p>Prominent female leaders around the world from the past to present; cross-cultural challenges female leaders encounter; heroines and women warriors in folklores and myths; the perception and sins of matriarchal societies; political roles and suffragette movements around the world; the Modern Girl and consumerism; women's rights movement, glass-ceiling and female career advancement, female attributes and leadership qualities</p>		
ICGS 158	Contemporary Issues in Thailand	2
<p>Prerequisites: None</p> <p>Prevailing ideological issues; contemporary political economy; legal affairs and the judicial system; religious institutions; provincial politics; land rights and other community movements, education and reform; environmental groups; media affairs</p>		
ICGS 160	Self and Society	2
<p>Prerequisites: None</p> <p>A sociological approach to understanding the nature of societies, cultures and institutions; the development of the self through the socialization process from Social Interactionist and Critical Theory perspectives; cultural norms and geographical influence on culture: social class and gender structures; the influence of individualism and non-conformity in society</p>		
ICGS 163	Popular Media and Conflicts	2
<p>Prerequisites: None</p> <p>The role of popular media during the war-time and conflicts; the evolution of media and its employment by the state; printed propaganda; the age of radio and its political agenda; newsreels during the wartime; televised wars and public opinions; the emergence of social movement caused by the popular media</p>		
ICGS 166	Power and Politics	2
<p>Prerequisites: None</p> <p>The understanding of politics and political systems of the current world; interactions and connections of different ideas; systems of thought and conflict in contemporary society; analysis</p>		

of political phenomenon. To collect information, organize information, organize in groups, analyze information, present clearly and concisely on political phenomenon, state typology, political taxonomy, ideological persuasion, voting systems and outcomes

ICGS 170	Civic Action in Thailand	2
<p>Prerequisites: None</p> <p>Local community organisations and institutions; effective social media and other promotional campaigns on behalf of independent social organisations; funding drives on behalf of independent social organisations; project planning and development</p>		
ICGS 183	Media and Community	2
<p>Prerequisites: None</p> <p>Application of media practices and techniques used as a means for empowerment and communication supporting community and social change; Application of assessment practices to support community goals and development; Application of project-based learning in a real community</p>		

Finance & Management Literacy

ICGB 102	Navigating the Market Landscape	2
<p>Prerequisites: None</p> <p>Exploration of the dynamic interplay between consumer behavior and firm strategy across industries, guided by the supply-demand framework; practical insights into market dynamics, tool navigation through diverse market landscapes (degree of competition, digital economy, sharing economy), and impact on key stakeholders</p>		
ICGB 103	Decoding Economic News	2
<p>Prerequisites: None</p> <p>Uncovering of economic news mysteries, deciphering of the big picture, and exploration of how economic forces shape our world through key macroeconomic indicators and the aggregate supply-aggregate demand framework; acquisition of practical skills for analyzing current economic events with clarity and insight, empowering navigation of global economic complexities with confidence</p>		
ICGB 104	Entrepreneurship in a Disruptive Environment	2
<p>Prerequisites: None</p>		

<p>Understand how entrepreneurs create new businesses, capture new markets, and enhance organizational effectiveness so the economy could benefit. Applying disruptive innovation due to new technologies and innovation to deal with the disruptive changes as the new generation entrepreneurs</p>		
ICGB 105	Personal Finance Literacy	2
<p>Prerequisites: None</p> <p>Personal finance literacy includes: financial planning process, life goals and financial goals, tax preparation, consumer credits, investment and retirement planning, investment fundamentals, its techniques and investment assets, making loan and debt decisions, life and property insurance, and estate planning</p>		
ICGB 106	The Business of Fashion	2
<p>Prerequisites: None</p> <p>The fashion world, categorisation of fashion, glossary of fashion, fashion trend interpretation, fashion and creativity, brand image, understanding customers: national culture influences the choice of fashion, understanding customers: motivations for buying fashion, total shopping experiences, extension of the fashion business, consumerism</p>		
ICGB 107	Tourism Management Perspectives	2
<p>Prerequisites: None</p> <p>Overview of the tourism industry and its significance, factors shaping the future of tourism and hospitality, opportunities and challenges of tourism development in Thailand, tourism supply chains, key stakeholders and their roles in the tourism ecosystems, and innovative and promising practices in sustainable tourism development</p>		
ICGB 109	Business Event Essentials	2
<p>Prerequisites: None</p> <p>Event as a global strategic and management tool; introduce different types of business events to achieve various objectives including Meetings, Incentive Travels, Conventions, Exhibitions and Special Events; Event strategies</p>		
ICGB 110	Management Styles of Effective Leaders	2
<p>Prerequisites: None</p> <p>Overview of management; evolution of Management theories and thoughts; changing environment of organizations, social responsibility, organizational culture and change</p>		
ICGB 111	Leadership in a Global Society	2

<p>Prerequisites: None</p> <p>Concepts and practices for leadership development; developing leadership skills and challenges of change in a global society; the need, vision, initiation for change, teamwork and collaboration</p>		
ICGB 112	The Art of Pricing	2
<p>Prerequisites: None</p> <p>Rationales and conditions required for sellers to apply different prices to different groups, in order to maximize profits; benefits of first-, second-, and third-degree price discrimination; examples of the use of consumers' demographics and characteristics in buyers' classification; evaluation of certain complex pricing namely, bundling and versioning; which are invented by sellers as a means to price discriminate; assessment of pros and cons of algorithm pricing; the cost of profit-maximizing strategy particularly buyers' perception and fairness</p>		
ICGB 113	Crisis Management in Service Businesses	2
<p>Prerequisites: None</p> <p>Basics of crisis management, crisis preparedness and risk management, methods of analysis and prognosis, strategic measures of crisis management applied in service businesses, crisis planning and organizational measures applied in service businesses, crisis communication</p>		
ICGB 114	Cultural Strategies for Success: Unveiling Eastern Business Dynamics	2
<p>Prerequisites: None</p> <p>Introduce theories (change theories, cultural theories) and frameworks governing Eastern societies in the context of business; Eastern cultural practices and behaviors shaping strategies in competitive markets; Complexities of Asia's diverse business environment; Comparative analysis of strategies and behaviors</p>		
ICGB 115	Money: Deciphering Currencies of Value	2
<p>Prerequisites: None</p> <p>Navigating the intricate realm where money transcends tangible forms, from paper bills to digital transactions; unveiling the essence and construction of value inherent in these mediums, exploring their societal significance and evolving role in contemporary economies</p>		
ICGB 116	Managing Self and Working with Others	2
<p>Prerequisites: None</p> <p>Personal goal setting, personality models and profiling, self awareness and management, social awareness and interaction, techniques in working with others through the lens of diversity, equity, and inclusion, conflict resolution, people management, personal development plan</p>		

ICGH 101	Biotechnology: from Science to Business	4
Prerequisites: None Biotechnology, bioethics, and the law, biotechnology and the regulatory framework, genetic testing, patenting life, biobanks and modern genomics research, genetically modified organisms, human and animal testing; bioterrorism, biological weapons laws, bio-prospecting, pharmaceutical pricing, the future of the human beings and post-humanism		
ICGS 102	Business Sustainability and the Global Climate Change	4
Prerequisites: None Study on the role of business in the society; the basic concept of sustainability; global governance; sustainable development; social inequalities and social inclusion; environment sustainability; climate change; climate change mitigation; climate change adaptation; green marketing; business sustainability		
ICGS 135	Entrepreneurial Accounting	4
Prerequisites: None Fundamental accounting concepts; financial statements for small enterprises; financial statement analysis; cost-volume-profit analysis; management decision making; business taxation		
ICGS 153	Social Media Management for Service Sector	2
Prerequisites: None Introduction to digital business transformation in service sector, social consumers and social communities, social media landscape and ecosystem; social media strategy for service sector; digital tools for social media management; social commerce; social media analytical tools and measurement		
ICGS 174	The Art of Leadership in Practice: Inspiration	2
Prerequisites: None Virtue ethics and practical philosophy; driving change through personal development and action directives; managing ethical leadership goals and challenges; climbing Mount Impossible and the power to change the world; what is and what can be in the context of SDGs; finding inspiration and inspiring others; inspirational leaders in History and fiction		
ICGS 184	Healthy Habits, Happy Shoppers: Exploring Health Literacy in Consumer Decisions	2
Prerequisites: None		

Exploration of the impact of health literacy on shopping behavior; coverage of health literacy principles, consumer psychology, and marketing's role; learning through stimulus case studies to promote informed consumer choices

ICLL 101

Professional Development

2

Prerequisites: None

Professional skills for 21st century workplace through learning or training activities in various topics including innovation management, start-up business, agile workplace or other selected professional development activities approved by the academic advisor and Curriculum Administrative Committee

Mahidol University
International College

Specific Courses
Major Required Courses

ICCD 110	Art History	4
<p>Prerequisite: None</p> <p>An introduction to basic elements of the visual literacy through the exploration of art history in a variety of cultural traditions, geographic locations, and the chronological periods; principles of design, form, and iconography; and exploring the art of different societies and cultures</p>		
ICCD 114	2 Dimensional Design & Color Theory	4
<p>Prerequisite: None</p> <p>Foundations and principles of the pictorial design; a focus on the concepts of the picture plane, figure/ground relationships, scale and proportional transformation, composition, and value; the development of a range of design vocabulary and repertoire of practical techniques; an introduction to formal design strategies</p>		
ICCD 311	Integrated Branding	4
<p>Prerequisite: ICCD 114 2 Dimensional Design & Color Theory</p> <p>The advanced design systems for the corporate identity design and the identity design manual including all integrated brand materials and communication components; techniques, processes, design principles, and practices</p>		
ICCD 315	New Media Design	4
<p>Prerequisite: ICCD 114 2 Dimensional Design & Color Theory</p> <p>The new media design process and practice with an understanding of design principles and design foundations for the new media with current technologies of various applications, techniques, and platforms for the motion graphic creation and production</p>		
ICCD 360	Service Design	4
<p>Prerequisite: ICCD 311 Integrated Branding</p> <p>Introduction to service design as a human-centered approach for creating innovative, effective services; focus on analyzing and optimizing service ecosystems through user research, journey mapping, and prototyping to design for both customer experiences and organizational processes</p>		

ICCT 111	Introduction to Programming for Creative Technology	4
<p>Prerequisite: None</p> <p>Procedural program constructs and idioms such as sequencing, conditional selection, iteration, and functional abstraction; computational representation and manipulation of forms such as point, line, shape, and color; constructs and patterns for working with static, dynamic, and interactive forms</p>		
ICCT 201	Professional Ethics	2
<p>Prerequisite: None</p> <p>Ethical principles in creative technology; moral reasoning and decision-making in professional contexts; ethical dilemmas in art, design, and technology; intellectual property, copyright, and fair use; privacy, data ethics, and responsible innovation; diversity, inclusion, and cultural sensitivity; professional integrity, accountability, and ethical leadership skills</p>		
ICCT 441	Capstone Project for Creative Technology	6
<p>Prerequisites: ITCT 302 Interactive Multimedia and Game Development Technology, ICCD 360 Service Design</p> <p>A small research project in creative technology under the supervision of an advisor; proposal and final presentations as a requirement to complete this course</p>		
ICMA 106	Calculus I	4
<p>Prerequisites: Placement test or ICMA 101 Precalculus</p> <p>Limits and continuity; differentiation and its techniques; derivatives of algebraic, logarithmic, exponential, and trigonometric functions; graph sketching; applications of the derivatives; antiderivative and integration; area under a curve and between curves</p>		
ICMA 151	Statistics for Science I	4
<p>Prerequisites: Placement test or ICMA 101 Precalculus</p> <p>Statistical ideas and concepts; probability, conditional probability; distribution functions; expected value; estimators, good estimators; hypothesis testing</p>		
ICMA 240	Linear Algebra I	4
<p>Prerequisites: Placement test or ICMA 101 Precalculus</p>		

Systems of linear equations, matrix algebra, determinants, vector spaces, linear transformations, eigenvalues and eigenvectors, diagonalization, applications		
ITCT 101	Computing Technologies	4
Prerequisites: None Computer fundamentals; operating systems; hardware specifications; internet and networking basics; IT ethics; cybersecurity awareness; IT professions; spreadsheet applications; word processing; presentation software; human-computer interaction; multimedia tools; web development; computer animation; computer vision; game development; artificial intelligence; prompt engineering; AI trends in multimedia		
ITCT 202	Advanced Programming and Data Structure	4
Prerequisites: ICMA 106 Calculus I, ICCT 111 Introduction to Programming for Creative Technology Concepts of object-oriented programming; memory management and performance tuning; debugging and testing techniques; data structures and algorithm analysis; design and evaluation of algorithms for manipulating data structures; software versioning; real-world application development practices		
ITCT 203	Introduction to Interactive Multimedia Technology	4
Prerequisites: ITCT 101 Computing Technologies Fundamentals of interactive multimedia systems; principles of multimedia representation and processing; introductory programming for interactive applications; text, image, and graphics rendering; animation principles; audio and video; multimedia file formats and compression; color models and digital imaging; computer vision techniques; interactive multimedia development and authoring tools; emerging trends and applications in interactive media		
ITCT 204	User Experience Research and Prototyping	4
Prerequisites: ITCT 203 Introduction to Interactive Multimedia Technology Fundamental concepts of Human-Computer Interaction tools; application of HCI tools in user-centered design; user research methods; prototyping techniques; integration of research findings into prototype development		
ITCT 302	Interactive Multimedia and Game Development Technology	4

Prerequisites: ITCT 202 Advanced Programming and Data Structure, ITCT 204 User Experience Research and Prototyping

Interactive media architecture; interactive storytelling techniques; game engine technology; game asset integration; real-time rendering; basic physics and AI in games; gameplay mechanics and loop design; UI/UX in interactive experiences; networking and multiplayer fundamentals; performance and scalability; industry standards and workflows; introduction to game development conferences and professional networking

ITCT 303

Data Technology

4

Prerequisites: ITCT 202 Advanced Programming and Data Structure, ITCT 204 User Experience Research and Prototyping

Database systems; file and information systems; data modeling and database lifecycle; relational databases; entity-relationship models; database normalization; structured query language (SQL); transaction management and database security; data visualization principles; working with data; visual analytics; immersive visualization; multimedia data processing; audio, image, video, and animation storage and retrieval

ITCT 344

Human-Computer Interaction

4

Prerequisites: ITCT 204 User Experience Research and Prototyping

Principles and concepts of human-computer interaction; principles of graphical user interfaces; user-centered design methodologies; interaction styles and techniques; multimedia, web and game interfaces; human performance models; user experience design; accessibility and inclusive design; software engineering trade-offs; usability principles and evaluation techniques; ethical considerations in HCI; research methodologies in Human-Computer Interaction

MSCT 101

Music Appreciation

2

Prerequisite: None

Exploring the world of music; how the music and sonic elements function, the development of form and styles, brief history of western music, surveys of significant works by significant composers

MSCT 111

Music Fundamentals and Keyboard Skills I

1

Prerequisite: None

<p>Music fundamentals at the initial level; music theories and ear training studies through keyboard playing; music reading, scales, chords, harmonization; transposition—in a combination of hands-on and lecture class settings</p>		
MSCT 112	Music Fundamentals and Keyboard Skills II	1
<p>Prerequisites: MSCT 111 Music Fundamentals and Keyboard Skills I Music fundamentals at a higher level; music theories and ear training studies through keyboard playing; music reading, scales, chords, harmonization; transposition—in a combination of hands-on and lecture class settings</p>		
MSCT 211	Electronic Music Production I	1
<p>Prerequisites: MSCT 112 Music Fundamentals and Keyboard Skills II Basic music production process on the workflow of creating MIDI and audio recording, editing, arranging, mixing and mastering</p>		
MSCT 212	Electronic Music Production II	1
<p>Prerequisites: MSCT 211 Electronic Music Production I Advanced music production techniques; working with synthesis, sampling and modern mixing techniques; including learning to perform live music with the Ableton Live software</p>		
RACT 201	Learning Management and Classroom Management for Students with Special Needs การจัดการเรียนรู้และการจัดการชั้นเรียนสำหรับผู้เรียนที่มีความต้องการพิเศษ	4
<p>Prerequisite: None Learning theories; designing and creating the learning experience; an integration of learning for the inclusive education, the learning management promoting critical and creative thinking for learning solutions; principles and concepts of developing, implementing, and evaluating the lesson plan; principles of the classroom management, creating the appropriate environment in educational settings; interactions between teachers and students, establishing rules in the classroom, behavioral management for students, developing the learning center in educational institutions; acquiring and selecting information in order to keep pace with changes</p>		

Major Required Experiential Learning

Option 1: Internship

ICCT 444	Internship	8
Prerequisites: ITCT 302 Interactive Multimedia and Game Development Technology, ICCD 360 Service Design Hands-on industry experience in creative technology; practical skills in art, design, media, and technology; development of problem-solving, teamwork, and communication skills; supervised internships in dynamic work environments; preparation for careers in creative industries		

Option 2: Cooperative and Work Integrated Education

ICCS 431	Cooperative and Work integrated Education Seminar	2
Prerequisites: ITCT 302 Interactive Multimedia and Game Development Technology, ICCD 360 Service Design Working as an actual employee under guidance of course coordinator and supervisors for at least 12 continuous weeks		
ICCT 445	Cooperative and Work integrated Education	6
Prerequisites: ICCS 431 Cooperative and Work Integrated Education Seminar Working as an actual employee under guidance of course coordinator and supervisors for at least 12 continuous weeks		

Major Elective Courses

ICCD 344	Character Design	4
Prerequisites: ICFA 233 Storytelling by Design, ICFA 336 Cinematic Language and Its Application A practice, application, and tools usage for designing and developing animation character for narratives; including familiarity of the understanding of narrative structure, the development, the construction, the making, and the production processes; technical proficiency with suitable media and software are reviewed		
ICCD 345	Post-Production & Visual Effects	4

<p>Prerequisites: ICFA 233 Storytelling by Design ICFA 336 Cinematic Language and Its Application Applied practice of principles and techniques of advance post-production editing and VFX artistry, including layer-based compositing, CG integration and camera tracking</p>		
ICCD 361	Integrated Design for Well-Being	4
<p>Prerequisite: ICCD 311 Integrated Branding Application of human-centered design and design thinking to healthcare service innovation; exploration of real-world healthcare challenges through empathy, ideation, prototyping, and iteration, equipping students to create solutions that improve quality of life and system effectiveness</p>		
ICCT 446	Extended Internship for Professional Growth	4
<p>Prerequisites: ICCT444 Internship or ICCT 445 Cooperative and Work integrated Education Advanced industry experience for professional growth; hands-on practice in creative technology fields; deeper application of theoretical knowledge to complex projects; exposure to industry trends, innovation, and emerging technologies</p>		
ITCT 318	Internet of Things and Its Application	4
<p>Prerequisites: ITCT 303 Data Technology Principles of the Internet of Things; the Internet of Things communication and protocol; the Internet of Things and the cloud infrastructure; case studies of IoT applications using embedded and autonomous systems; sensors and actuators</p>		
ITCT 324	Immersive Technology	4
<p>Prerequisites: ITCT 344 Human-Computer Interaction, ITCT 345 Interactive Multimedia and Game Development Technology Virtual reality fundamentals; augmented reality and mixed reality concepts; immersive environments and experiences; hardware and software platforms; interaction techniques in immersive environments; UI/UX for immersive technology; spatial audio and haptic feedback; immersive storytelling; tools and engines for immersive technology; training and simulation applications; theoretical discussions; ethical and privacy in immersive technology; future trends and innovations in immersive media</p>		
ITCT 332	Data Visualisation	4

<p>Prerequisites: ITCT 303 Data Technology</p> <p>Examples of visualization; visualization technology; tools; a process of data visualization; working with data; color theory; human perception; visualization techniques; visual analytics; immersive visualization</p>		
ITCT 333	Advanced Game Development	4
<p>Prerequisites: ITCT 302 Interactive Multimedia and Game Development Technology, ITCT 303 Data Technology</p> <p>Game level design and development; level block-up techniques; terrain creation for games; procedural content generation; environment decoration; game logic design for complex scenarios; gameplay system integration; AI behaviors and pathfinding; profiling and performance analysis; optimization for game engines; deployment and publishing strategies; version control in game development; collaboration tools and workflows; real-world game development case studies</p>		
ITCT 345	Interactive Multimedia Production	4
<p>Prerequisites: ITCT 302 Interactive Multimedia and Game Development Technology, ITCT 344 Human-Computer Interaction</p> <p>Multimedia system development; digital media production workflows; interactive content creation for digital platforms; software tools and frameworks; real-time data processing; system integration and optimization; media storage and delivery; interactive system testing and debugging; collaboration tools and workflows; emerging trends in multimedia technologies and development tools</p>		
ITCT 346	Web Technology and Development	4
<p>Prerequisites: ITCT 303 Data Technology, ITCT 344 Human-Computer Interaction</p> <p>Fundamental mechanism and components of the internet and web; formats and structures of the languages used to develop webs; web page creation; the techniques of writing script programs working at client and server sides; web development tools; program for simulating a web server; system development for accessing the database; applications of object-oriented programs to web development; Hands-on practice related to web development; research and innovation in web design for creative technologies</p>		
ITCT 363	Artificial Intelligence in Multimedia Applications	4

Prerequisites: ITCT 345 Interactive Multimedia and Game Development Technology, ITCT 303 Data Technology

AI-driven multimedia processing; automation in multimedia workflows; machine learning techniques for media; content recommendation and personalization; computer vision for interactive systems; natural language processing in multimedia applications; real-time AI integration in interactive media; AI-assisted animation and procedural content generation; adaptive user experiences; generative AI tools; AI in game mechanics; ethical considerations and bias in AI-driven media; emerging trends in AI for interactive and immersive media

ITCT 391

Special Topics in Multimedia Systems

4

Prerequisites: ICCT 111 Introduction to Programming for Creative Technology, ICMA 106 Calculus I
Recent advanced techniques in multimedia data management and multimedia technologies; interesting topics of the multimedia applications, such as e-learning and the information visualization; other related topics that can be varied depending on the interests of faculties and students

RACT 202

Introduction to the Thai Sign Language

4

Prerequisites: None

Definition, origin, types, and characteristics of the Thai sign language; finger spelling; practical skill of the Thai sign language for the deaf's daily life activities

Mahidol University
International College
